

DRONE HUNTER XRS

HAND-HELD ANTI DRONE JAMMER GUN

DRONE HUNTER XRS is an all-in-one portable RF jammer with integrated antenna, control unit, and battery, featuring a rifle-style ergonomic design for rapid field operation.

Optimized for mobile ground operations and tactical security missions.

1km

Jamming Range

IP65

Ingress Protection

7Bands

Frequency Bands

5.7kg

Weight

Customizable design and frequency bands

FEATURES : What Sets Us Apart

Wide Jamming Coverage

4 ISM + 3 GNSS bands for effective drone neutralization

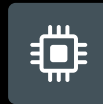

Enhanced Tactical Mobility

< 6kg all-in-one design for rapid response

Band-Specific Power Control

Safe operation with minimal environmental impact

High-Performance Modules

High-power generators and efficient antennas for precise neutralization

Quick-Release Battery System

Cable-free, high-efficiency detachable batteries for continuous operation

Ingress Protection

IP-65 rated for full dust proofing and rain protection

DEPLOYMENT OPTIONS

The Drone Hunter XRS can operate in tandem with the Drone Hunter XD. It can be configured as a Portable Kit, Tactical Kit, or Vehicle-Mounted Kit, delivering optimal solutions tailored to specific threat scenarios.

Portable Kit

Tactical Kit

Vehicle-Mounted Kit

SPECIFICATIONS

Frequency Bands	400 MHz ISM : 433.05 ~ 434.79 MHz / 900 MHz ISM : 902 ~ 928 MHz
	2.4 GHz ISM : 2,400 ~ 2,483.5 MHz / 5.8 GHz ISM : 5,725 ~ 5,850 MHz
	GNSS L1 : 1,559 ~ 1,610 MHz / GNSS L2 : 1,215 ~ 1,300 MHz
Jamming Range	1 km
Battery Type	Rechargeable Li-ion battery
Continuous Emission	> 1hr (continuous with charger connected)
Operating Temperature	-20 °C ~ +50 °C
Environmental Standards	IP65 (Dust / Water proof)
Weight	4.86 kg
Product Dimensions	900 × 250 × 101 mm

Specifications and design may vary by customer requirements and RF environment (e.g., jamming frequency band, range, and operating conditions).
